

CMS 10,000SS

SMART SERIES INVERTER

The lightest and most compact 10kW inverter on the market. CMS Smart Series Inverters are the next generation in innovative inverter technology.

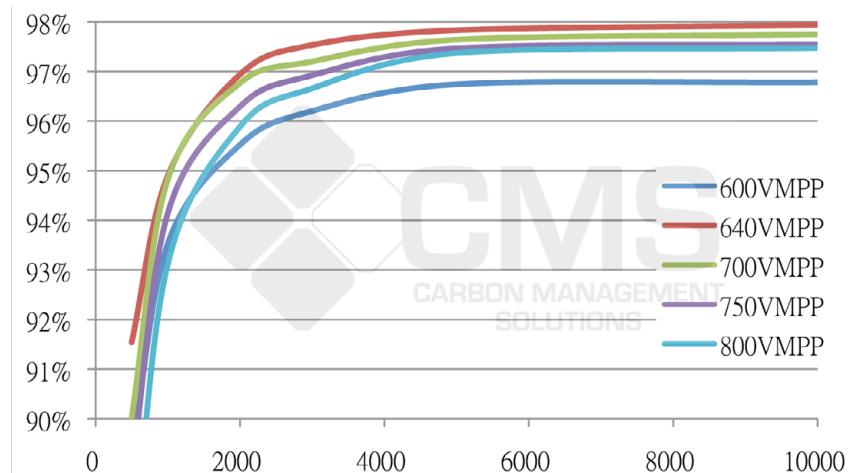

The data is sent live to the Internet via its inbuilt web server and is visually illustrated by tables and graphs that anyone can read. Users can login anywhere each day, week, month or year.

With an internal memory which can hold up to 3 years of information, the CMS Smart Series Inverters are revolutionizing the industry.

Product Specifications:

Nominal AC Power	10,000
Max. AC Power	10,000
Max. Open DCV	900
Number of MPPT	2
Working Range MPPT	250 - 850
Max. Input Current Isc	14 x 2
Max. Watts Per Input	5500
Efficiency Max	97%
Protection Rating	IP65
Cooling	Convection / Fan
Interface	LCD Graphic
W x D x H (mm)	418 x 196 x 485
Weight (kg)	23

CMS - 10000SS Efficiency Chart

Product Features Include:

- LCD interactive display and touch buttons
- Data logging capacity of up to 3 years production
- Embedded web server with built in website
- Optional WiFi to monitor production and consumption
- Ethernet connection - no more RS232/RS485
- Monitor consumption of 3 phases and off peak
- Automatic firmware upgrades from USB
- AS4777, AS3100, EN61000-6-3(EMC), EN61000-6-1(EMC)
- 10 year warranty
- Cloud connection with email/sms alerts
